Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Sunday 16 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Showery and thundery morning, turning drier overnight.

Today:
A band of showers arriving early in the morning and pushing eastwards across the region. These showers will turn heavy, slow-moving, and thundery in places, with the risk of hail. Breezy with gales over the south coasts. Maximum temperature 14 deg C (57 deg F).

Tonight:
Into the evening showers gradually easing to the east leaving behind a mostly dry and cloudy night. Some clear spells may develop with the odd shower possible. Remaining breezy. Minimum temperature 8 deg C (46 deg F).

Monday:
Another day of sunny spells and showers, these heavy and possibly thundery for a time. Further showers, occasionally heavy, moves into western areas overnight. Maximum temperature 15 deg C (59 deg F).

Outlook for Tuesday to Thursday:
Scattered showers and sunny spells for Tuesday and Wednesday. Occasionally heavy with a risk of hail and thunder, but with drier nights. Windy and mostly cloudy with rain on Thursday.
